## Vaccinations

---

### Required Vaccinations:

- Rabies
- Distemper
- Bordetella
- Flea Preventative

### Recommended Vaccinations:

- Leptospirosis
- Giardia
- Canine Influenza

Vaccines are not 100% effective and OTL cannot be held accountable for illness, especially respiratory illness such as Kennel Cough or Canine Influenza. This is an assumed risk with the daycare environment.

## Because Dog Happens:

There are assumed risks with any group dog activities. Injury can happen under the most vigilant care. Some common injuries are:

- Strained muscle or tendons
- Broken Nail or tooth
- Bites and scrapes
- Parasites and Viruses

We have Enhanced Business Insurance to provide veterinarian care in case of an accidental injury. Our Health Warranty is included with our services and covers up to \$2,500 in veterinarian care.

The Health Warranty excludes the following:

- Illness related to cancer
- Pre-existing health conditions
- Respiratory Infection

The client agrees to cover all vet costs that are not covered by our policy.
